ABOUT US

With the years of experience, we at Med Education have been helping Indian students to pursue their education without any hurdle or hesitation. Med Education specializes in guidance, counseling and providing admission to Russian universities for MBBS courses. We work on bringing the student and university together. It is not just an organization but an initiative to create transparency between quality education and the education seekers across the country. We provide admissions in top universities of Russia, Ukraine, and Kazakhstan.

Due to highly subsidized fees Russian medical universities are often preferred by international students. There are almost 57 universities in Russia. And most of them teach in English medium only so there is no chance for students to lack behind because of the language barrier. Russian universities occupy almost 30 positions among top 100 medical universities ranked by WHO.

Ukraine has a number of top-ranked government universities. In the field of medicines, it is ranked at 4th position for providing a number of post-graduation courses in the field of medicines. This second-largest country of Europe has a majority of universities authorized by organizations like WHO and UNESCO. No donation is required for enrolling for the universities of Ukraine. There are a lot of extracurricular activities and sports activities that are enough to make students active and all-rounder. In fact, students can apply for a job in any country after seeking education in Ukraine.

Universities in Kazakhstan offer a variety of courses at an affordable rate for students across the country. The technology and practical equipment used in Kazakhstan seeks world exposure and are of the top quality that provides good hand experience. Mostly all the universities offer accommodation and food services for students from other or within the countries. The courses offered in Kazakhstan provide global reach for pursuing a better career.

Seeking quality education is everyone's right and making it seamless for you is our responsibility. We provide support for what you choose as your career in any university. We do in-depth research about the university and provide you the authentic and verified information. Our work doesn't end-up in providing you admission in the recognized university. We do complete care of our customer students starting from assisting them for the admission, collection of papers, travel assistance, translation services, allotting nearby hostel and food services especially for Indian students.

OUR SERVICES

Our priority is to provide you guidance at every single step towards your better career life. Our work doesn't end up in just providing you the university to get admitted. Our services include:

ADMISSION IN TOP RECOGNIZED UNIVERSITIES

Our organization does provide admission in top universities of Ukraine, Russia, and Kazakhstan. These countries are well famous for their quality education. They enable students to attain global reach. And the best part is their quality of education that is accepted by all the countries making students avail for the job anywhere he/she wants to apply for.

SUPPORT FOR LANGUAGE BARRIER

The universities where we provide admission usually provide language support to students coming from India. Some of them do communication in English medium only. However, if any problem persists in language learning or even if there are any criteria for language learning to get admission in the university, we do offer support for that also. We assist students to get local support for language learning before they actually start their career in a foreign university.

FOOD SERVICES

Having food of our own taste in any foreign country makes to feel like being at home! We make sure that none of our students suffers because of these basic needs. We do arrangement before the students go for admission in university so that they do nothing but focus on their educational goals.

PLACES TO ACCOMMODATE
